

# BlackBC Virtual Walking Tour

---

The BlackBC Virtual Walking Tour was curated in the 2019-2020 academic year by Dr. Rhonda Frederick to celebrate the 50th anniversary of the African & African Diaspora Studies Program. The tour commemorates the presence and contributions of black Boston College, and documents how members of the university participate in Boston's black communities. This interactive tour allows online and mobile users to discover and explore the complex history of black experience on campus, in Boston, and in the nation.
